COMMENTS ON STATEMENT OF REASONS FOR ALLOWANCE

Applicant understands that the Examiner has thoroughly examined the claims and prior art of record and has concluded that the art of record, whether considered alone or in combination, fails to disclose or suggest the entirety of each combination of functions and/or structure recited by each of the allowed claims, that the Examiner has found each claim as a whole to patentably distinguish over the art of record, and that patentability of the claims does not rest on only the aspect(s) that the Examiner listed by way of example in the reasons for allowance.

Furthermore, Applicants submit that the reasons for allowance are clear from the record of prosecution as a whole and, thus, that a separate Statement of Reasons for Allowance is unnecessary in this case.

Respectfully submitted,
